I wish to comment on the Delivering for America: Our Vision and Ten year plan to Achieve Financial Sustainability and Service Excellence.

I do not agree with this plan as it closes needed post offices, slows First Class mail, as it reduces service standards for First Class Mail and Periodicals, and eliminates many needed postal services. Many people rely on the USPS to deliver their medications on time, paying their bills on time, meeting deadlines for business, etc. I hope this plan does not get approval.

Thank you.
